CHINA HAS BECOME THE WORLD'S LARGEST PRODUCER OF FASTENERS

"MADE IN CHINA 2025"

It's predicted that in the next few years the global fastener market demand will experience a substantial rise. By 2020 the global industrial fastener market demand will reach **104 billion USD** of which the **Asia-Pacific region** will remain the largest regional market.

2016 Imp. & Exp. Volume of China Fastener Products

EXPORTED FASTENER **2.74 million tons**
Amounting \$ **4.54 billion**

IMPORTED FASTENER **0.30 million tons**
Amounting \$ **2.93 billion**

* Data from the General Administration of Customs of China (Jan.- Dec., 2016)

Fastener Application Industries UNDER RAPID GROWTH IN CHINA

The "Made in China 2025" and the "One Belt One Road" development strategy introduced by the Chinese government will lead to a rapid development of automotive, new energy, high-speed rail, urban transport, aviation, aerospace, petrochemical, infrastructure and many other application industries.

Automotive Industry

China is the world's largest automobile market
Automobile output in 2016: **28.12 million** cars
An increase of **14.5%** as compared to 2015

Transportation Network

By 2020, it's estimated:
National new-built railway: **23,000 km**
Investment to urban rail: **\$364.83 billion**

New Energy

"Internet Plus+" action & smart energy plan will bring more than **\$5.84 billion** investment
Wind energy and solar energy take the priority

Petrochemical Industry

By 2020, it's estimated:
Domestic petroleum consumption: **0.59 billion tons**
Cumulative built tube network for crude oil: **32,000 km**

JOIN THE WINNER TAP INTO CHINA'S THRIVING FASTENER MARKET

We will...

- Promote your company by worldwide network of Messe Düsseldorf
- Give your brand multi-channel exposure in China
- Help you find new partners, new buyers and more business opportunities
- Provide you a venue to get a foothold in China's huge fastener industry

You will...

- Meet your customers, understand their sales requirements and increase sales
- Find quality buyers and business partners from upstream and downstream to develop new business relationships and get quality sales lead
- Showcase your latest innovations, build your brand and increase mindshare in China and the region

Product Range

Standard fastener and non-standard ones: The innovation and non-standard products of bolts nuts, screws, studs, guide screws, pins, rivets, washers, retaining ring, assembly and connection, welding, nails, stamping parts, lathe parts, hose clamps.

Fastener in various industries: Fasteners in industries like automobiles, motorcycles, machinery, high-speed rail, buildings, steel structure, hardware, electronics and electrical appliance, aerospace, wind power, ships.

Manufacturing skills of fasteners: Cold header, molding machine, heading machine, thread rolling machine, thread roller, tapping machine, combination machine, grinding machine, milling machine, vibrating plate, heat treatment equipment, surface processing equipment, wire drawing equipment.

Supporting facilities of fasteners: Mold, surface treatment, raw material, hardware tools, testing equipment and measuring equipment, screening machine, packing unit, computer software and other equipment.

Target Visitor

- Machinery Industry
- Automobile Industry
- Motorcycle Industry
- Construction Industry
- Electronic Appliance Industry
- Hardware Industry
- Rail Transit Industry
- Aerospace Industry
- Military Industry
- Ship Building Industry
- Wind Power Industry
- Petrochemical Industry
- Instruments and Apparatus Industry
- Professional Trade Industry
- Measurement and Control Industry
- Others

Exhibitor Testimony

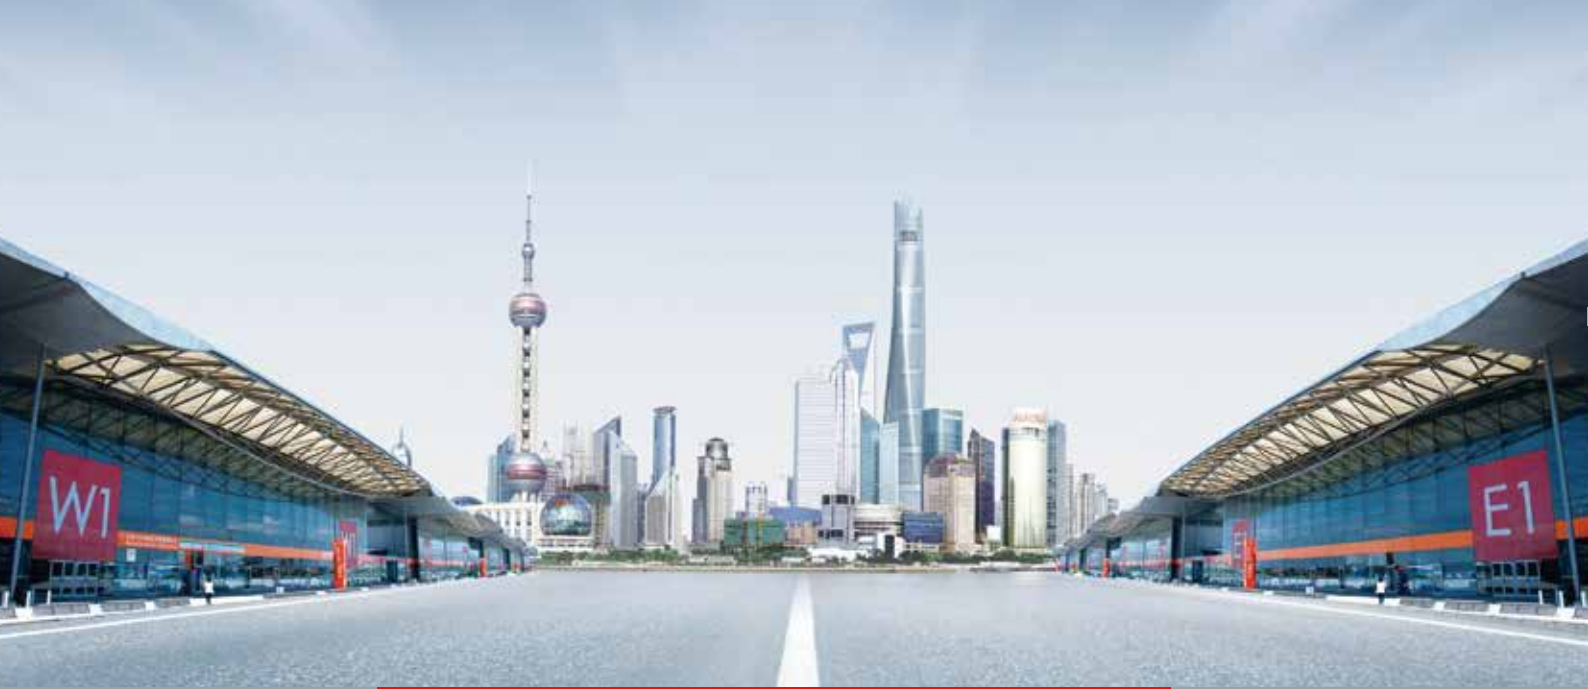

"We have participated in the wire & Tube China and others sister shows worldwide for many years with high loyalty, where we met good clients from home and abroad. With the abrogation of European anti-dumping measures, a brighter future of China's fastener market is coming. We hope more international brands join this show as well."

— Ms. Judy Liu, Exporting Manager of Hardware, Chunyu (Dongguan) Metal Products Co., Ltd.

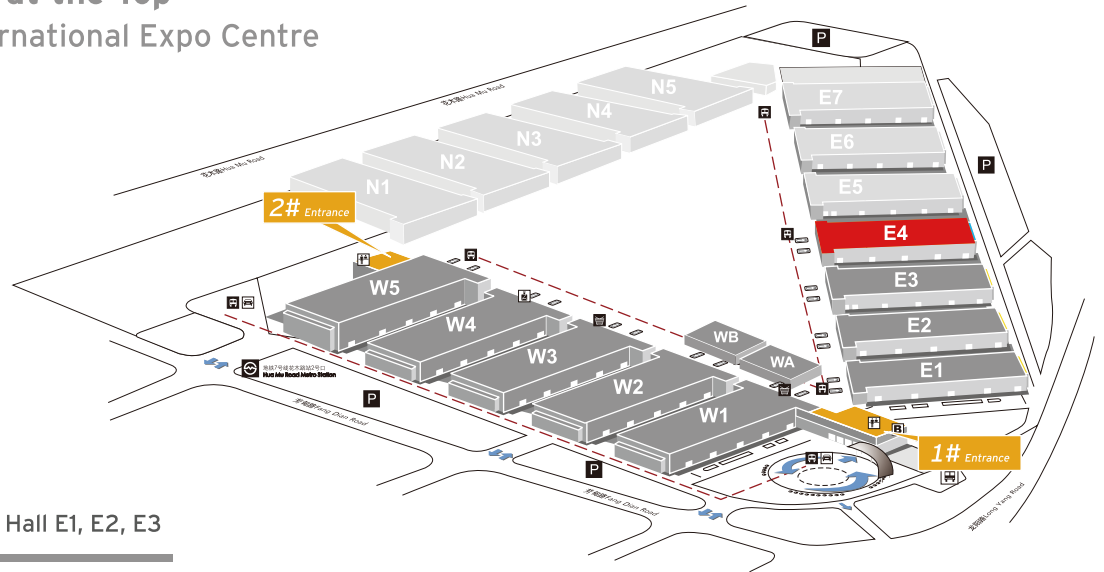

Buyer Testimony

"The newly upgraded fastener special zone brought me a good opportunity to learn abundant market information of hardware, especially standard fastener, which benefits my factory a lot. I also found several reliable suppliers with whom I would have further contact after show."

— Mr. Ren Junqi, Beijing Office of Guangdong Kin Long Hardware Products Co., Ltd.
